

## THE CREDENZA

\$6,500.00

The perfect sideboard for your dining room or listening room, this piece juxtaposes classic minimalist proportions with uniquely modern details. The lush texture of the reclaimed wood contrasts with the minimalist legs, cast from iron at a local foundry and hand-finished with a traditional patina that allows the character of the casting process to remain present.

We've finished this piece with an interior shelf and red steel sliding doors and back panel. Custom colors & sizes available upon inquiry.

**Width:** 20"

**Length:** 60" to 72"

 in.
