KICKPRESS BASE

COUNTERTOP HEIGHT

The Kickpress base showcases the simple but elegant aesthetic design that went into industrial equipment of the 19th century. This base allows for a countertop-height surface perfectly suited for a butcher block island, tall side board table or workbench. The design incorporates two cross bars in order to better support larger tops. The table can be customized with a spreader bar and a spacer for thinner tops. Options include our custom leveling feet with delrin glides. We will help you configure the table to suit your needs.

Width of Surface: 28" to 42"

 in.

Length of Surface: 48" to 96"

 in.

Height:

A nominal 36 inches. This can be customized using our spacers and leveling feet.

 in.

COVENTRY BANQUET BASE

BANQUET / CONFERENCE

The Coventry base is both rustic and modern, with an elegant simplicity of design featuring slightly tapered supports. The industrial tactility of the sand cast metal is a gorgeous counterpoint to a wood surface. The Coventry Banquet base was designed to suit a wide variety of applications from kitchen or dining tables and desks to side boards and conference tables—our clients have purchased the Coventry tables for their homes, offices and restaurants. The bases can be cast in iron, bronze and aluminum and the tops can be made to order suiting your desired application.

Width of Surface: 24" to 42" in.

Length of Surface: 60" to 144" in.

Height: in.
A nominal 29.5 inches. Can be customized using our spacers and leveling feet.

GRANVILLE BANQUET BASE

DINING / CONFERENCE

The Granville Base was originally developed as a solution for large corporate conference rooms. The base has been cast with an internal channel to allow for IT data and power to be routed from floor to the table's surface, and can accommodate tables as wide as 60 inches and up to 20 feet in length when supported by three bases. We can provide turned metal grommets in bronze, stainless and aluminum to allow for cords to pass through to the table surface. Our clients have selected these tables for large dining and banquet rooms, conference tables, communal work tables and large desks. We offer these bases in cast iron, brushed aluminum and bronze.

Width of Surface: 36" to 60" in.

Length of Surface: 84" to 240"
(Over 144" will require an additional base) in.

Height:
A nominal 29.5 inches. Can be customized using our spacers and leveling feet. in.

Surface Options:
We produce tops in a wide variety of woods including salvaged heart pine, mixed hardwoods and live edge slab tops. We can source any material for a top that a client would like. Please inquire to discuss your desired top and finish.

THE CREDENZA

\$4,850.00

The perfect sideboard for your dining room or listening room, this piece juxtaposes classic minimalist proportions with uniquely modern details. The lush texture of the reclaimed wood contrasts with the minimalist legs, cast from iron at a local foundry and hand-finished with a traditional patina that allows the character of the casting process to remain present.

We've finished this piece with an interior shelf and red steel sliding doors and back panel. Custom colors & sizes available upon inquiry.

Width: 20" in.

Length: 60" to 72" in.

Height:
A nominal 30 inches. Can be customized using our spacers and leveling feet. in.

Materials: Cast iron, reclaimed mixed American hardwoods, and steel.
